

To Whom it May Concern:

I am writing on behalf of listener supported K-Love (90.7 in Chesapeake, VA). It has been brought to my attention that they may be kicked off the air here because of LPFM. I am strongly against this. K-love serves me as a resident of my community. The music they play keeps me uplifted and in good spirits. I know many people who listen to it. They all say that it also keeps them uplifted and helps make long days bearable. A new LPFM may not contain these uplifting songs that K-Love does. In a world where music on the radio expresses pretty much nothing but death, drugs, and sex, K-Love is like a fresh breath of air. It not only serves me as an individual, but also the community at large. I believe it is in the public interest to keep K-Love playing, not only in Chesapeake, but in all states across the U.S.A.

Sincerely,
Joanna Herlan
